

Formula SAE-A

Team Communications Protocol

1. Role of Organising Committee

The FSAE-A Organising Committee is made up of volunteers and SAE-A staff who coordinate the annual Formula SAE-Australasia competition and ensure it delivers the outcomes for which it has been established.

2. Conduct of Students

Students who are in any way involved with their team entry in the competition are expected to conduct themselves in a professional manner that reflects positively on SAE-Australasia and the Formula SAE-A competition at all times.

All students are expected to communicate in a positive and courteous manner during all discussions and interactions with their Faculty Advisors, FSAE-A Organising Committee members and SAE-A staff.

3. How to contact the Organising Committee

Due to the large volume of participants and the complexity of the event, all communications from any member of a team must be directed to the Organising Committee via their nominated Team Leader or Faculty Advisor.

All other individual team members (past or current) should not contact any member of the Organising Committee or SAE-A staff directly. Any attempts at direct communication will not be answered.

All questions relating to the interpretation of competition rules should be sent via the Google online [Formula SAE-A Enquiry Form](#).

Any other inquiries including questions relating to the registration process and fees must be sent to the competition email address by the Team Leader or Faculty Advisor only - formulasae@sae-a.com.au.
